

## Printing Results

1. Navigate to the Results Review section under the Menu on the left side.
2. Click on the tab you would like to print results for.
3. Click on the print button in the top right corner.
4. The default printer on the device should populate in the next window as shown below.
5. If you would like to print to a different printer, that printer would have to be set as the default printer on the device you are printing from.
6. Once the selected printer is correct, click OK to print the results.
